8. PRIVATELY OWNED VEHICLES (POVs)

As of 02-Jan-2018, Hawaii Revised State Statute (HRS) Section 286-2 and 291C-152 has been updated to allow Polaris Slingshots (aka Autocycles) to be registered in the State of Hawaii. Autocycles MUST have the Federal Motor Vehicle Safety Standards (FMVSS) label affixed to the autocycle confirming it meets all Federal Standards. Up-to-date safety check and registration is required to legally drive the autocycle on any State, City, or County roads. Additionally, a Type 3 Drivers License pursuant to HRS 286-102(b)(3) is required. (CH 20-Feb-2018 USTCJ4-HB RB)

a. POVs (includes data on prohibited vehicles, colors, etc.)

1. Shipment of POV is authorized. Vehicles must meet federal emission and safety standards. POVs with an ultimate destination of Molokai-XDP, Lanai-XCP, Kauai-XFP, Maui-XBP, and Hawaii-XAP should be consigned directly to these POD codes, not through Oahu-XEP. (2) POV information is maintained by the GPC subcontractor, Pasha Hawaii, Pier 1, Forrest Ave, Honolulu, Hawaii. POV status can be obtained by calling toll free 1-855-389-9499 or 808-670-3095, or by checking the website <http://www.pcsmypov.com/>. Hours of operation are 0800-1500 hrs Monday thru Friday. (CH 08-Jun-2016 SDDC-PAC RB) (3) Hawaii Administrative Rules, Title 19, Subtitle 5, Chapter 134 requires customers owning POVs with suspension modifications (higher or lower) to apply for a Reconstruction Permit before being able to attain a Safety Check prior to POV registration. Other POV modifications from the original POV manufacture may apply as well. The Reconstruction Permitting requirements apply to the COUNTY OF HONOLULU ONLY. To discuss a modified POVs eligibility to be registered please call the Honolulu Department of Motor Vehicles Inspection Division at (808) 768-2542. (CH 01-Jun-2017 SDDC-PAC RB) 2. Electric and Plug-in Hybrid Electric Vehicles (EV/PHEVs). a. Uniformed Service members and civilian employees who are subject to the Joint Travel Regulations' (JTR) policies and laws are prohibited from shipping an EV/PHEV to and from Hawaii when the vehicle has an open fire-risk recall. Global POV Contract (GPC)-operated Vehicle Processing Centers (VPC) and ocean carriers will not accept an EV/PHEV without documented proof that the fire-risk recall was resolved and closed. b. POV shippers must provide documented proof that a fire-risk recall was resolved and closed before scheduling a turn-in appointment at a VPC or authorized turn-in point. 1) Members and civilian employees may ship an EV/PHEV to or from Honolulu only when all open fire-risk recalls are resolved. POV shippers must provide documented proof that the fire-risk recall was resolved and closed before scheduling a turn-in appointment. 2) Members and civilian employees may ship an EV/PHEV to or from Honolulu with an open recall when all the following conditions apply: a) Any open recall or recalls are NOT fire-risk related; b) Any open recall or recalls do not have immediate resolution(s) and are certified, in writing, by the Original Equipment Manufacturer (OEM);

c) The open recall or recalls are unlikely to pose a fire risk or thermal event; d) The EV/PHEV does

not have visible exterior damage that causes an ocean carrier to question the vehicle's structural integrity; AND e) The ocean carrier accepts liability for transporting the EV/PHEV with an open, unresolved safety recall. c. POV shippers can check vehicle recall status by contacting the OEM or conducting a vehicle identification number (VIN) web search. Check POV recall status through the National Highway Transportation Safety Administration (NHTSA) "SaferCar.gov" web site (<https://vinrcl.safercar.gov/vin>) and enter the 17-character VIN. Safety defect descriptions that include the keywords "battery fire," "thermal event," "spontaneous combustion," "pack rupture," or equivalent electrical issues will prohibit carriage on U.S.-flag vessels until the safety recall is resolved, closed, and documented. d. Personal property counselors should advise POV shippers to resolve all open recalls for gas combustion, electric battery-powered, or hybrid gas/electric POVs before scheduling a turn-in appointment at a VPC or other authorized turn-in point. 1) NOTE: Stellantis North America recalled U.S.-market PHEV Jeep® Wrangler 4xe and Grand Cherokee 4xe sport utility vehicle models for potential fire risks. Stellantis cautions owners to park these vehicles outdoors away from structures and other vehicles and avoid recharging the battery. See Stellantis' statement at <https://media.stellantisnorthamerica.com/newsrelease.do?id=27207&mid=1>. (CH USTC/J9, 20NOV25, TF).

b. MOTOR CYCLES/MOPEDS

Mopeds and Motorcycles can be shipped in HHG. Motorcycles are considered POVs by the city and county of Honolulu, Department of Motor Vehicles (DMV). In order to furnish the certificate, JPPSO Hawaii is requiring the member to present the DD Form 1299 showing "motorcycles" in Block 13, a copy of the inventory with "motorcycles" annotated and owner's documents showing proof of ownership, make, model, and serial number of POV. 13. OTHER

a. Warm clothing is not necessary for wear in Hawaii, but may be needed if traveling to other areas during the winter months. b. STORAGE: (1) Storage space is limited to non-existent in off/on base quarters. Recommend all service members (not civilians) store all appliances at origin. All appliances are available for Government quarters with the exception of housing on MCBH Kaneohe Bay and Army installations. (Refer to subparagraph 1.e.(2) Appliances above). (2) Personal property shipments are normally placed into SIT in Hawaii and can be held up to 180 days to accommodate the member until obtaining quarters on/off base. After the 180 days, SIT will be converted to member's expense unless circumstances exist which are beyond control of the member. In the case of Army and Air Force members, pending assignment to Government quarters is normally not a valid reason to extend SIT beyond 180 days unless the member has quarters assigned in writing and move in date is

within the next 90 day SIT increment. Also, in the case of Army and Air Force members, non-availability of suitable civilian housing is not a valid reason to extend SIT beyond 180 days. (a) EXAMPLE 1: Member ships 10,000 lbs of HHG to Hawaii and obtains off-base quarters which only holds 6000 lbs. Member will pay commercial storage rates in excess of 180 days until property is removed. (b) EXAMPLE 2: Member ships 12,000 lbs to Hawaii and obtains on-base housing, but the quarters only hold 10,000 lbs. Non-temp storage at Government expense for items excess to Government quarters must be approved on a case-by-case basis by base housing officials. The approval process is strict and limited to certain items. (3) When a shipment is converted to commercial storage, the through PPGBL character of the shipment ceases, the warehouse will be considered the destination of the shipment, the warehouseman will become the agent for the shipper, and the shipment becomes subject to the rules, regulations, and charges of the warehouseman. Commercial charges run approximately 4.00 per NCWT per 30-day storage period may apply. Also, an additional 4.00 per NCWT charges for handling into commercial storage may apply.
